

St Peter's Catholic First School (Academy)

Home Learning - Year 1

Research suggests that in effective schools homework tasks are linked to what the children are learning and they extend and deepen pupils' understanding.

There are a range of tasks for your child to try. Please discuss them with your child and support them where necessary. If you have any questions or require any resources, please ask your child's class teacher.

Please bring in your completed project by

Somewhere over the Rainbow

Create your own rainbow sculpture from old, new or recycled materials you can find at home. You can start by drawing your design and planning what you might use before moving on to making your rainbow sculpture.

Collect as many different materials of all different colours that you can find around the house and create a colourful rainbow collage.

Write a short story about a rainbow. You can make the story up and the rainbow may be part of the story or the main character.

You could also draw an illustration of your story.

Find your most colourful items of clothing to create a bright and colourful outfit. Take a photo and write a list of words to describe your outfit. Can you write sentences using these adjectives?.

Don't forget to practise your spellings!
