

*Problem solving*

*Practical activities and  
mathematical games*

*Applying learning to  
everyday  
situations*

*Open and closed  
tasks*

*We teach  
Maths  
through...*

*A range of methods of calculating  
(see our Calculation Policy and calculation  
videos)*

*Mathematical reasoning, including  
making, testing and proving  
generalisations*

*Working with  
computers and iPads*

*Asking as well as answering  
mathematical questions*

*Individual, group and whole class  
discussions and activities*
